Covid-19:

General

- Covid-19 Regulations limit group size to less then 50
- Use of the Fireside room and gym
- Program flow on chart attached
- Regular Hand washing and Sanitization stations will be located through out the area and will be encouraged and mandated by volunteers
- Kids will use tables
- Individual children or households will be seated at small tables
- Children will be highly encouraged to wear masks through the program even though they are not mandatory.
- Separate entrance and exits and washroom facilities for each room location.
- Leaders will always wear a mask and will not break the recommended Physical Distancing parameters of 3 meters
- Washroom will be used following Child protection Policies
- Washrooms and high touch surfaces will be cleaned and sanitized regularly

Registration/Check In/ Pick Up

- Children will not be required to register
- Parents will enter by nursery for drop off
- On Arrival Parents will complete wellness check of each child

- Volunteers will direct children to their seat
- Parents will then exit out exit doors
- At the end of program parents will wait outside Hope Center doors for pick up
- children will be dismissed in a safe way to parents or caregivers

Worship

- Worship leaders will demonstrate and model safe physical distancing of 3 meters

Games

- Games will only be played safely maintaining physical distancing
 - Individual games in a round robin style
 - Minute to win it like – junk in the trunk, cookie face, suck it up, stack attack, moving on up, penny hose, keep it up
 - Competition style games placing group verse group ensuring no contact or sharing of supplies between cohorts

Craft

- Inside the space children will sit at tables that are safely spaced (2 meters) as required by the Public Health order
- Craft leader will lead from front with a minimum 3- meter distance to nearest child with kids completing crafts at their workstations.
- Individual bags of markers, scissors glue will be used for each child
- Craft supplies will be handed out by group volunteers or placed in bags for easy distribution inside the group
- Group Volunteers will wear masks and assist children as needed

Snack – secondary location

- Will be eaten at their workstations
- Will be individually portioned and handed out to students at workstations
- When possible, prewrapped snacks will be used like cheese strings, apple sauce, pudding, yogurt, granola bars

Cleaning/Sanitization

- Orange sanitization buckets containing cleaning supplies will be placed in every room
- High touch surfaces light switches, doorknobs will be washed then sprayed with disinfectant regularly through out the day
- Work surfaces like tables, chairs mats will be cleaned following every group
- Work Mats will be set up for each child to use repeatedly through the day and they will be sanitized at end of each day
- Reusable supplies will be cleaned and sanitized and put away the following morning after drying
- Any paper or disposable items will be placed in the garbage/ recycling
- Bathrooms will be cleaned regularly through the day
